WORK EXPERIENCE

Webroj | Frontend developer

JULY 2025

- Describe your job role in 2-3 bullet points. Avoid using too many bullets.
- Employers want to know what you've achieved. If possible, quantify what you have accomplished.
- Use simple language and make it easily readable.
- Include key words from the job description in your resume.

PROJECTS

Pishing Website Detector

July 2026

Technologies: HTML5, CSS3, JavaScript, Node.js, Express.js, JSON Database

- Developed and tested a responsive college admin dashboard displaying student, course, attendance, and fee statistics, built on a Node.js/Express backend with a JSON-based database.
- Built and verified backend REST APIs for fetching dashboard data and for adding, searching, and deleting student records.

Portfolio

January 2025

Technologies: HTML5, CSS3, JavaScript, Node.js, Firebase Database, Netlify

- Tested a hackathon management web application for functional accuracy, responsive behavior, and cross-browser compatibility across Chrome, Firefox, and Edge.
- Reviewed modular, reusable components against requirements to catch defects early in the development cycle.
